TOXICS IN PACKAGING CLEARINGHOUSE

YOU'RE INVITED!

THE NEXT EVOLUTION IN TOXICS IN PACKAGING

You are cordially invited to the Toxics in Packaging Clearinghouse's virtual Open House for state agencies and industry groups interested in understanding how the Clearinghouse helps with harmonization of, and compliance with, toxics in packaging laws.

In 2024, the landscape of legislation addressing emerging concerns about toxics in packaging is evolving. Come hear how TPCH has been using an existing framework for over three decades to assist both states and industry.
